RICHARD WEBB
United States Commissioner
JACKSON, CAL.
Will attend to Homestead and other filings; taking of final proofs and all other Land Business.
Deeds and other legal documents drawn up.
Agent for Phoenix Assurance Company of London, and Washington Providence Fire Insurance Companies.

THE RUG DESIGNERS

PATTERNS DESCEND FROM PARENT TO CHILD IN THE ORIENT.

Reasons Why Animal Figures Are Rarely Seen on Persian Rugs. Prayer Rugs of the Mohammedans and Their Use—The Rugs of Sivas.

The designs of eastern rugs are often the spontaneous outcome of the fancy of the weaver. Sometimes they are handed down from one generation to another. In some cases young girls are taught the design by an adult, who marks it in the sand. At other times a drawing of the rug is made on paper, the instructor showing her pupils the arrangement of every thread and the color to be used. When all this has been done, the pupils must make the rug without looking at the drawing.

Persian rugs excel those of other countries in artistic design as well as in harmonious coloring. The Persians seem to have a natural intuition in the use and blending of different shades, and in the designs that contain these certain colors they achieve the happiest results. It is really wonderful what exquisite fabrics these people, born and reared in ignorance and poverty, produce.

The designs in Persian rugs are generally floral, and in some districts, especially Fars, the women weavers invent the designs, varying them every two or three years. The Mohammedan religion does not allow any direct representation of animal forms, consequently rugs woven under its influence take domal, geometric and vegetable forms. The Shiah sect of Moslems, however, numbering about 15,000,000, of whom 8,000,000 are Persians, do not regard representations of animals as unlawful. By the industry of this sect and that of infidels and of all who disregard the law of the Koran animal forms are seen on some Persian rugs.

The prayer rug was evidently invented for the purpose of providing the worshiper with an absolutely clean place on which to offer prayers. It is not lawful for a Moslem to pray on any place not perfectly clean, and unless each one has his own special rug he is not certain that the spot has not been polluted. With regard to the purity of the place of prayer Mohammedans are specially careful when making their pilgrimages, the rugs which they take with them being preserved from pollution by being rolled up until the journey is begun or until the hour for prayer arrives. It does not matter to these followers of Mohammed how unclean a rug that is on the floor may be, because over it they place the prayer rug when their devotions begin.

The Turkish rugs made at Sivas are always woven of wool, and almost every blanket carries on the industry of weaving in the homes. There are no factories, the young girls weave, and it is doing the work here as in other parts of Turkey. Sivas rugs are in most cases small, measuring about eight by four feet, but in these years larger and more attractive rugs are being made. Even the poorest families have fine rugs, for they regard them as valuable property, to be sold only under the pressure of great extremity. The weavers are so frugal in their manner of living that their daily earnings of 15 to 19 cents is sufficient to supply their wants. Their food consists usually of rice and crushed wheat, with occasionally a small piece of mutton.

Smyrna is only a mart for the sale of comparatively inferior rugs that are made in the interior from the coarse hair of the Angora goat. These are woven in irregular designs and, although not artistic, are largely sought as coverings for the bare floors and to add warmth. The weaving of these rugs is crudely done by girls and women. Sometimes the loom is primitively constructed from the trunks of trees. The designs are very simple and have either been handed down from earlier generations or are supplied from the city.

Rugs are so called from a band of nomads who dwell among the mountains of Anatolia. They have large flocks of sheep and weave rugs of firm, even texture. The colors are very good, the field often of dark brown, ornamented with large designs.

About 200 years ago small embroidered rugs were largely made in Persia, chiefly at Isfahan. These were prayer rugs, and on each of them, near one end, was a small embroidered mark to show where the bit of sacred earth from Mecca was to be placed. In obedience to a law of the Koran that the head must be bowed to the ground in prayer when the presentation was made, and so the letter of the law was carried out. The custom prevails. The Persian women who weave the finest prayer rugs seldom weave any other kind of rug—"Rugs, Oriental and Occidental."

Stop the Blight

It is a sad thing to see fine fruit trees spoiled by the blight. You can always tell them from the rest. They never do well afterwards but stay small and sickly.

It is worse to see a blight strike children. Good health is the natural right of children. But some of them don't get their rights. While the rest grow big and strong one stays small and weak.

Scott's Emulsion can stop that blight. There is no reason why such a child should stay small. Scott's Emulsion is a medicine with lots of strength in it—the kind of strength that makes things grow.

Scott's Emulsion makes children grow, makes them eat, makes them sleep, makes them play. Give the weak child a chance. Scott's Emulsion will make it catch up with the rest.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle.

About Ozone.

Many people talk about ozone without so much as knowing what ozone is. There is a prevalent idea that it is something you get at the sea and that it is good for the lungs. What that something is, however, few people have sufficient curiosity to inquire. Ozone is what chemists call an allotrope form of oxygen—that is to say, it is oxygen in a highly active and concentrated condition. In ordinary pure air ozone exists, but only in what chemists call "traces." Larger amounts are found in ocean and mountain air. It instantly disappears when brought in contact with decaying matter, dissipating itself, as it were, in the act of oxidizing that matter.

Ozone is known to occur more plentifully during thunderstorms, and we have, of course, the analogy of its being artificially produced from oxygen by electrical discharges in the laboratory. On the body ozone is believed to act as a stimulant; hence the popular notion of its beneficial effects as experienced by the sea, but in any greater amount than mere traces it is a violent irritant. One authority goes the length of asserting that it is doubtful whether it is beneficial to animal life at all.

Colored Swedes.

A little Swedish monthly magazine published in New York city requested its readers a short time ago to send in accounts of the experiences they had when they first arrived in this country. Here is the prize specimen: "In my unsophisticated days I once started out to call upon a girl I had known in the old country. I was told that she lived at Madison avenue and — street. When I reached that corner, I was in doubt which house to try, but I finally went up the steps of one that faced on the avenue and rang the bell. A girl came to the door. 'Does Miss Nelson live here?' I asked as politely as I could.

"I don't know any such person," she answered, and was turning away when she called after me. 'Is she white?'

"That irritated me. 'Did you ever know any Swedes who were colored?' I asked.

"Well, I have seen some green Swedes," was her retort, and I did not continue the conversation.

Trials of a Lecturer.

A well known English woman lecturer tells these stories at her own expense:

"I was," she says, "on a tour through the provinces, and one night as I appeared on the platform in a small town the chairman introduced me to my audience in the following way: 'You have heard of Mr. Gladstone, the Grand Old Man. Let me now introduce to you the grand old woman.' This was intended as a sincere compliment.

"On another occasion a bluff old farmer, who boasted of his ability to look on all sides of a question, announced me as follows: 'This lady's come here to talk about her rights,' he said. 'She's hired the hall, and so she's got a right to be here, and if any of you don't like what she's got to say you've got an equal right to walk out in the middle out.'"

Italy Bringerage in 1848.

One summer evening in the crowded theater an impatient house demanded the drawing of the curtain preliminary to the first act. When at last it was upraised, Il Passatore and his armed band occupied the stage, with muskets aimed at the frightened audience. The chief stated that he should levy a tax per head, which he then and there collected. The gang moved off with their booty unmolested.—Lady Prestchurch's "Essays."

Gold.

The specific gravity of gold is 19.30—that is, it weighs nineteen and a half times as much as its own bulk of water. The ductility and malleability of this metal are equalled by no other. By ductility is meant the property of allowing itself to be drawn out into a wire and by malleability its property of flattening without splitting under the hammer.

Make Some One Happy.

Charles Kingsley thus counseled a friend: "Make it a rule and pray to God to help you to keep it never, if possible, to lie down at night without being able to say, 'I have made one human being at least a little wiser, a little happier or a little better this day.' You will find it easier than you think and pleasanter."

Bowlegged Sailors.

Sailors are a bowlegged class. An old sailor always walks as if he were on the deck of a ship, and he never takes great strides like a landsman. He is used to having to walk great distances, in his imagination, on the quarter deck, and he can't get rid of the habit of making the most of his promenade.

The Sponge.

The sponge reproduces its kind mainly by eggs. In each animal are contained both the male and the female elements, and it throws out the ova to be hatched in the water. At first the young are free swimming, and afterward they attach themselves to convenient spots and grow.

Children Especially Liable.

Burns, bruises and cuts are extremely painful and if neglected often result in local poisoning. Children are especially liable to such mishaps because not so careful. As a remedy DoWitt's Witch Hazel Salve is unequalled. Draws out the fire, stops the pain, soon heals the wound. Beware of counterfeits. Sure cure for piles. "DoWitt's Witch Hazel Salve cured my baby of eczema after two physicians gave her up," writes James Mock, N. Webster, Ind. "The sores were so bad she could not sleep. I used five doses a day." Kerr's Pharmacy, Jackson.

Back Again from Europe!

By the solicitation of many friends and patients

DR. H. EHRLICH

The Eminent Eye, Ear, Nose and Throat Surgeon

From Berlin, Germany, will make his next visit to

Jackson, Monday, January 20th,

8 a. m. to 3 p. m. sharp, at Globe Hotel,

One Day Only.

And receive a mouth. Do you want that Catarrh cured? Do you want that eye cured? Do you want that ear cured? Do you want that nose cured? Do you want that throat cured? Do you want that stomach cured? Do you want that bowels cured? Do you want that lungs cured? Do you want that skin cured? Do you want that nerves cured? Do you want that muscles cured? Do you want that bones cured? Do you want that blood cured? Do you want that system cured? Do you want that life cured? Do you want that health cured? Do you want that happiness cured? Do you want that success cured? Do you want that wealth cured? Do you want that power cured? Do you want that glory cured? Do you want that fame cured? Do you want that honor cured? SUBSCRIPTION RATES:—

One year (in advance) \$2.50
 One year (if not in advance) 3.00
 Six months 1.50
 Three months .75
 One or more copies, each .10

Legal advertising—per sq. in. 1st insertion \$1.00
 Subsequent insertions—per square each .50

Entered at the postoffice at Jackson as
 SECOND-CLASS MATTER.

R. WEBB Editor and Manager

FRIDAY, JANUARY 3, 1902

TO CORRESPONDENTS.

We look to the friends of the Ledger to keep us posted concerning events of public interest happening in any part of the county. Our regular correspondents will be furnished with writing material and stamps for this purpose. Births, deaths, marriages, accidents, amusements, mining and other industrial progress, social notes, new buildings, persons leaving or coming into the county, always acceptable. Give details of important items, no matter how rough a shape. Avoid personal remarks that might give offense. Visitors from towns in the county need not be mentioned, but visits from places beyond the county may be recorded.

Ledger Roll of Honor.

The following sums have been received as subscription to the Ledger during the month of December. This acknowledgment is equal to a receipt for the respective amounts. If any persons have paid during the past month whose names do not appear in the list published here, with which they will please notify this office so that the matter may be corrected.

MINING OUTLOOK FOR 1902.

The year that has just closed its record, and gone to the grave of the dead past, has been a fairly prosperous one for Amador county. The new year opens very auspiciously. Our staple industry of mining promises great things for the coming year. Around Jackson the mining outlook is particularly bright. The developments in the lower levels of the Kennedy open up a vast field of future activity. With an ore body 90 feet wide, the rock in sight is sufficient to run a forty stamp mill nearly four years. Should this vein hold its size at greater depth—and there is every reason to believe that it will—the milling plant will be doubled, giving employment to from 50 to 75 additional men. The Oneida is on a good financial basis. The ore is low grade, but by crushing large quantities, and economizing in running expenses, the management is able to make it profitable. The ore reserves are large, and the mine can be depended upon as a bullion producer and heavy labor employer for many years. The Argonaut, although not at present crushing rock from its own mine, has still plenty of milling rock within its territory, awaiting the end of the litigation to enable it to again enter the ranks of gold producers. These are all old mines, which, with the reliable Zeila, have imparted life to this section for years. It is in the opening up of new mines, as well as in the continued activity of old ones, that Jackson must look for future development. In this respect there is every reason to believe that we shall not be disappointed. The exploration, conducted from the Argonaut shaft, of the Hoffman ground is decidedly encouraging. Rock has been found there, and the Argonaut mill has been crushing the ore for weeks for testing purposes, with fairly satisfactory results. Indeed, it is no longer a matter of dispute that a mine exists within the boundaries of this claim, and that steps will be taken ere long to develop it by means of a shaft sunk on its own property is also beyond question. The effect of the opening up of another paying mine at this point upon the business interests of Jackson can hardly be overestimated. Beside adding materially to the population of the town, it will stimulate prospecting at other near-by points along the lode line. There is lots of gold yet hid away in nature's storehouse, awaiting the intelligent investment of capital to call it forth.

Outside of Jackson the industry is also thriving. The South Eureka, after a long siege of unprofitable activity, is looming up as a promising dividend paying property. A ledge of high grade ore has been discovered, and this will enable the vast low grade ore-bodies to be treated at a profit. Some estimates place the recently developed ore at \$9 per ton, which is considered high grade for this lode. The assessment period has passed, and it now begins to look as though the stockholders are about to reap some return for the energy and persistence they have shown. This is the one point on the mother lode where no outcroppings appeared on the surface to guide the prospector. It was a blind ledge. With heavy croppings it is often difficult to find the fissure. But without any surface indications whatever to tell of the presence of ore beneath, it is rare indeed that capital will undertake the search. But this is what the South Eureka people have done, under the advice

and management of that veteran mining expert, J. F. Parks, and the outcome vindicates the correctness of his judgment.

At Sutter Creek the Central Eureka continues the leading producer. The Wildman and Lincoln are pushing development work. Persistent and judicious prospecting has never failed to meet with substantial reward along this gold belt. At Amador City, a notable revival of mining is the feature. The Keystone—the pioneer quartz mine of the county—is still pounding out the gold, not with old-time liberality, but with a margin of profit. The South Spring Hill property is again active, and gives promise of again becoming one of the heaviest gold producers of the county. The Bunker Hill is being developed with energy and thoroughness. Those versed in mother lode conditions are sanguine that a pay shoot exists within the boundaries of this property, and if so, those at the head of this enterprise are bound to find it. In the Fremont and Gover large deposits of ore have been uncovered, and the coming year will no doubt see a big milling plant erected to work them, thus giving a new start to the north end of the county.

Although the prospect is flattering. The gold yield for the coming year is expected to show a material increase over that of last year. It is flattering to be able to state with truthfulness that our main industry is on a more satisfactory footing than it has been for many years.

HELP YOUR OWN TOWN.

Although Jackson for its size will compare favorably with any town in the state in the volume of business transacted, still it is a fact that considerable trade is sent outside, which by right belongs to the tradesmen of the town. It is a good motto to buy what you need in the town where you are making your living. It is doubtful economy, and certainly poor policy, to send away for goods that may be had of local merchants. Even if there be a slight difference in cost, that is a poor excuse for supporting outsiders in preference to home business houses. The trade that goes out is that most desired—the spot cash custom. There is no question that in the aggregate this amounts to more than is done by any single merchant in town. If you want Jackson to grow, the surest way to promote its growth is to increase its business. The more business that is done, the more men will be required to do it. And increased population means increase of business. You cannot build up a town by imposing additional governmental burdens upon the people. No town has ever been permanently benefitted by trying to overreach itself. Jackson wants many things. Some things it cannot and ought not to have at present. Other things it ought to have and might have if the citizens would get together for that purpose. But what is really more important for its prosperity than anything else, is for each resident to spend his money here for whatever he needs. Property values rise and fall with business prosperity or depression. The man who owns his own home, will benefit himself by trading exclusively with local dealers. By so doing, he is doing what he can to appreciate the value of his property. The property holder who acts otherwise is trying, unwittingly perhaps, to depreciate his property. The idea that one can get better value for his money by trading at a distance is exploded. Jackson's storekeepers and business men generally, are working on as narrow margins of profit as anywhere, when transportation charges are taken into account. If Jackson had all the trade it is justly entitled to, its population would be materially increased. It is the duty of every man to consider his home town first. With the advent of the new year let everyone resolve to send no business away that can be done at home. That is the greatest service you can render the town. It will inaugurate a boom, and perpetuate lively times. Buy not only of your local grocer and dry goods merchant, but of your baker and tailor. Being the largest town in Amador county, it is unreasonable to think that a resident of Jackson can do better by sending his orders to any other town. Let us quit finding fault with our surroundings. That is not the road to improvement. As a rule, a town improves just as fast as business conditions will warrant. Jackson has done this, all intimations to the contrary notwithstanding. It is a libel to insinuate that our thriving town has been a laggard in the march of progress. Its progress would have been more marked, if some had not expended all their energies in talk.

The Best Prescription for Malaria

Chills and Fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

A LIBERAL OFFER.

Two Papers for Price of One.

Every subscriber of the Ledger will receive in a few days direct from the office in Chicago, a copy of the Weekly Inter-ocean. This is one of the best weeklies in the United States, and strongly republican. We are in a position to offer this splendid weekly with the Ledger for one year for \$2.50 in advance. All new subscribers, by paying this in advance, will receive both papers for one year. All old subscribers, by paying up arrears and one year in advance, can take advantage of the same offer. The regular price of the Weekly Inter-ocean is \$1 per year. This is a splendid offer to secure the news of the world together with your local paper without extra cost. Copies of the Inter-ocean may be seen at this office.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Soused pig feet, salami, and choice ham and bacon at Caminetti's Central Market.

At a meeting of Amador Lodge No. 65, F. & A. M., held last week, officers for the ensuing year were elected as follows: R. I. Kerr, Worshipful Master; Jas. E. Dye, sen., Senior Warden; Francis A. Taylor, Jun. Warden; J. H. Langhorst, Treasurer, and S. G. Spagnoli, Secretary.

Child Worth Millions.

"My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa., "yet I would have lost her by a group had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly. Kerr's Pharmacy, Jackson.

Turkey dinner every Sunday at Louvre restaurant.

RECIPROCITY WITH CUBA.

A bill is before congress providing for reciprocal tariff regulations between the United States and Cuba. It is designed to admit Cuban products into the United States at one half the custom duties levied under the present tariff law; and also to admit all products of the United States into Cuba at one half rates charged upon importations from other countries. The object of the bill is to promote the prosperity of Cuba, and at the same time extend the market for American goods. The United States gives special favors to Cuba, and receives the same from Cuba. The products of Cuba are sugar and tobacco, and with the cheap labor available there, the planters would be enabled to undersell the home products and still make a good profit. At the same time, under the uniform tariff law now prevailing in Cuba, European articles are selling for less than American products, and the trade of this country with that island is diminishing. The question is whether the loss sustained by the competition of Cuban products would be more than counterbalanced by the increased sale of American goods in Cuba. The arrangement would unquestionably militate against the planters of the southern states. We believe in the utmost free trade with all territory under the United States flag. It seems incongruous to us to talk about reciprocity with foreign countries, and at the same time impose tariff duties upon goods sent from one domestic port to another.

TO IMPROVE MAIN STREET.

There is talk of an organized effort for the improvement of Main street. Not a patchwork proposition, but to fix it in good shape from the north bridge to the middle fork bridge. The rock now being extracted in the sinking operations at the Argonaut is the hardest kind of greenstone. It makes excellent material for roads. Some of it is now being used at points on the Kennedy grade and is found entirely satisfactory. Mr. W. F. Detert has furnished the rock free of charge, and has also run it through the rock breaker, crushing it to any desired size, at a nominal charge. Such an opportunity to fix Main street is not likely to present itself again for a long time. It is suggested that each property holder on the street be assessed 25 cents per front foot. This will raise—assuming that everyone pays—about \$500. Supervisor Newman informs us that he will help with road district funds as far as possible. A subscription list will doubtless be circulated in a few days to test the willingness of the owners and occupants to take hold of this movement. Certainly, they must know—after years of experience—that the system which has been permitted heretofore of allowing every owner to monkey with the street in front of his premises, will never result in a decent thoroughfare. The proposition now is to have it properly graded and turpined with V flumes on each side, and abolish all plank crossings. The writer is willing to help organize a movement in this direction; let those willing to assist make themselves known, and we believe some substantial benefit can be achieved.

Turkey dinner every Sunday at Louvre restaurant.

Our esteemed contemporary is drifting into the realm of the impossible. Its editor puerilely remarks that he would not exchange places with the Ledger man. What a profound declaration. He might have extended his non-exchange business to the third heaven. It would have been just as sensible. He is perfectly safe in his assertion. He will never be invited to change places with the editor of the Ledger nor any one else. We cannot return the compliment, for the reason that we do not care to indulge in absurdities.

DOCUMENTS RECORDED.

DEEDS.

Frank Hoffman et al. to Wm. F. Detert, ore under frac s w q r s w q sec 21 t 6 n r 11 e 200 ft from surface, 81. Vincent Neale to C. W. Trotter, frac n o q r s e q r n w q r sec 34 n w q r of s e q r and frac s e q r n w q r sec 34 t 6 n r 11 e; Aetna q m, School House q m, rights of way Amador Queen No. 1 q m and m s.

J. D. Mason to W. W. Plummer, lots 30 and 31 Mason's subdiv of Jackson, \$350.

J. D. Mason to Bertha C. Mason, lot 15 Mason's subdiv of Jackson, \$5.

Eli Withrow et ux, to Wm. Scooble, lots 1 and 2 bl 6 Plymouth, \$75.

Mrs. S. S. Muzzey to W. A. Carter, n h f s w q r and w h f of s e q r sec 14 t 8 n r 11 e and water ditch, \$10.

Catherine Riley to Eliza Riley, frac lot 7 bl 4, Sutter.

G. H. Brown et al. to Wm. Scooble, lot 7 bl 11, Plymouth.

MISCELLANEOUS RECORDS.

E. N. Ekel, admr., to Desiro Fricot et al, lot 1 and s h f of n e q r sec 4 and lot 4 sec 3 t 7 n r 9 e, lease, \$900.

C. H. Page to L. E. Younger, bill of sale of all int in Last Chance mine, Volcano district, \$100.

AGREEMENTS.

Hector G. M. Co. with Wildman G. M. Co., extension of bond on lots 43, 53, and 54 sec 6 t 6 n r 11 e; Hubbard & McAdam q m, lot 14 bl 1 Sutter, rights to use surplus water from Lincoln ditch, easement and rights of way, \$34,000.

Jos. Herschle et ux to H. J. Breslau et al, bond on w h f of s e q r and n e q r of n w q r and s e q r of n w q r sec 8 t 6 n r 10 e.

CERTIFICATES OF SALE.

J. W. Caldwell to W. F. Detert, assigns cert of sale of Orr ranch near Plymouth.

W. F. Detert to R. C. Bole, same.

R. C. Bole to F. Alleyne Orr, same.

MORTGAGES.

Am. Pac. Mfg. & Dev. Co. to J. D. Norton et al, River King q m and water right and property in Butte and Calaveras counties, \$500.

F. Alleyne Orr to Wm. Brown, Orr ranch near Plymouth.

W. W. Plummer to J. D. Mason, lots 30 and 31, Mason's subdiv of Jackson, \$200.

W. A. Carter et ux, to C. J. Votaw, n h f s w q r and w h f of s e q r sec 14 t 8 n r 11 e.

SATISFACTION OF MORTGAGE.

B. Levaggi, mortgage; exec by O. J. Hart, lots 1, 2, 3 and 4 and s w q r of n e q r sec 23 t 8 n r 10 e.

NEWS OF THE PAST WEEK

Short News Items of Local Interest.

John Juras Dies of Typhoid Pneumonia—Buchanan Dramatic Company Next Week.

For the best tomatoes in town go to Cain's.

Twenty pieces crash towel at 4c per yard at the White House.

Look over your tickets. No. 953 takes the doll at E. G. Freeman Co.

Home-made bread, pies, cakes, for sale; Mrs. Jennie Larson, Summit st.

Mrs. B. F. Gilbert is visiting relatives and friends in Calaveras county this week.

Wm. Green arrived home from Arizona last week, where he has been for several weeks.

Mr. and Mrs. Geo. Eberhardt returned from their honeymoon last Saturday evening.

Robert Kemp has been laid up with rheumatism, and confined to his bed for over a week.

W. R. Williams, the sheep and cattle raiser of Wild Goose valley, is suffering from another stroke of paralysis.

Senator John F. Davis is on a trip to the eastern states, on business connected with the Sweepstakes mining deal.

I. B. Goldner returned from Stockton Wednesday evening, where he has been in the employ of Wells, Fargo & Co.

Chapman's saloon, now under lease to C. Reynolds, is being repaired throughout, and otherwise improved internally.

Don't fail to attend the performances of the Buchanan Dramatic Company at Love's hall, beginning Jan. 6. Popular prices, 25, 35, and 50 cents.

The Buchanan Dramatic Company will give away, as a means of advertising, a handsome prize to the person holding the lucky number.

Twenty pieces flannel, good quality, solid colors, pink blue, scarlet; formerly sold at 12c per yard; going at 8c per yard; at the White House.

We shall endeavor to publish the list of questions submitted to the applicants or teachers' certificates at the recent examination in our next issue.

The Ladies' Aid of the M. E. church will give an afternoon tea on Wednesday, January 15th, at the Methodist parsonage. All are cordially invited.

M. E. church services January 5, 1902. Morning sermon subject, "We have not been this way before;" evening sermon subject, "Why die before our time."

Now is your time to buy men's clothing. Closing out the winter stock at its value. 36 all wool cheviot suits formerly sold at \$10, inventory price \$5.00; at the White House.

Ross Morgan of Sutter Creek, has been appointed by State Mineralogist Aubrey to prepare maps and registers with the view of meeting the demand for information regarding the mineral resources of Amador county.

Ten dozen gents' unlaundried shirts, good quality muslin, worn 75c, at 39c at the White House.

Announcements are out for the marriage of Louis A. Piccardi of Jackson, to Miss Theresa Oneto of Middle Fork school district. The ceremony will take place in the Catholic church, Jackson, on Sunday, January 12th.

Frank Garibaldi died in the county hospital Tuesday night, after a lingering illness of consumption. He was brought to the hospital from Sutter Creek several weeks ago. The remains were taken on New Year's day to Sutter Creek, where they were buried by his friends there.

The tunnel of the Standard Electric Company at Mill creek lacked 45 feet of being completed on Christmas day. At the rate of progress heretofore made—from eight to ten feet per week—it is estimated that it will take about two weeks to finish it. The new ditch cannot be used until this work is done. Mr. King, who has charge of the fluming and other work, informed the Ledger that they expected to get daylight through in a few days.

Rev. S. Dabovich, pastor of the Orthodox Greek church, arrived in Jackson Monday evening, and will remain here two weeks. He intends hereafter to visit the church here every two months, and hold services for two successive Sundays upon each visit. There is also some talk of having a schoolteacher stationed here, to instruct the children of members in religious and secular subjects.

John Juras died at Juka's boarding house on Sunday last, of a brief illness of typhoid pneumonia. He had been employed at the Gwin mine. After working on top for about six days he caught a severe cold, which compelled him to quit. He came to Jackson for medical care. The cold settled on his lungs, and developed into pneumonia, which terminated fatally after 10 days' illness. He has been around Jackson for a number of years. The funeral took place Tuesday, Rev. J. J. Gleason officiating, the remains being interred in the Catholic cemetery.

F. G. Head is no longer connected with the Ledger in any capacity whatever. It is currently reported around town that he, with W. Selkirk, late printing instructor at the Preston school, intends to start a weekly paper in Jackson to be called some say the Herald, and others the Free Lance. To this end, the plant of the old Amador Democrat was moved this week from Sutter Creek to Jackson, quarters being secured in the room in the rear of the Well building, formerly occupied by the Ledger. When the new journal is put in an appearance—or rather the deceased Herald is to be resurrected—we are unable to say.

Christmas at Franklin.

A Christmas tree and festival was given at the Franklin school house on Christmas eve, and without exception was the most pleasant affair ever given in that district. The room was most tastefully decorated with ferns, cedar, and berries, and from the center of the ceiling was suspended the arms of a cross, with the words that have lived for ages and never grown old—"Peace on earth." After a well rendered program, Santa Claus' appearance was hailed with delight, and the little ones were repaid for the patience in awaiting his arrival. A curtain was drawn and displayed an immense tree glittering with lights and loaded with presents. Truly, a more beautiful or loaded tree was never seen. Santa Claus, assisted by three little girls, soon commenced "the work of destruction," much to the merriment of all, and the tree was relieved of its load of toys, bags of candy and nuts, and oranges, besides many useful as well as pretty presents. After this a dainty lunch was spread to which all did justice. After more singing and playing, those assembled went home, their hearts filled with Christmas cheer and kindness. The program was as follows: Song, by the children; recitation, Mabel Wilson; essay on breathing, Earl Lessley; instrumental duet, violin and organ, Jesse and Minerva Denend; A Boy's Dilemma, Ray Lessley; recitation, Myra Miller; lecture on women, Jessie Lessley; instrumental duet, Jesse and Minerva Denend; Which one was kept, Edith Lessley; song, "Say a Kind Word," Mrs. F. Goodman and Mrs. W. J. Lessley; farce, "Assisting Hesikiah," Oliver Case, Birdie McKean and Jessie McKean; song, "God Be With You."

Much praise is due the ladies of the district for their untiring efforts to make the affair pleasant, and they may feel proud of the success.

Lecture on Slavonic Race.

Rev. Sebastian Dabovich will deliver a lecture in Webb hall on Tuesday evening, January 7, at 8 o'clock, on "The Slavonic race, its history, customs, music, etc." The proceeds will be devoted toward paying off the debt upon the newly erected parsonage. There is a debt of about \$200 on this building, and it is hoped by this lecture and other lectures to be given in the church, to wipe off this indebtedness. The lecture will undoubtedly be highly entertaining. Tickets may be had of A. Perovich, Freeman's store, R. Ruge, M. Dragolovich and A. Piccardi.

Tomorrow evening the rev. gentleman will lecture in the Greek church on "The immortality of the soul," and on Sunday afternoon at 3 o'clock, on "Divine Revelation." Both these lectures will be free. A collection will be made on each occasion to pay off the before mentioned debt. The ability of the lecturer and the intensely interesting subjects to be treated, combined with the worthy object in view, will no doubt command a full audience on each occasion.

Graduations.

The result of recent examinations in the grammar schools, conducted by a member of the board of education, was the graduation of the following named pupils in the respective districts:

Aetna—Mary Bernedich, Lilla Fuller, Jackson—Evelyn Rust, Robert Adams, Grace Folger, Julius Piccardi, Edward Delahide, Mark Eudey, Annetta Adams, Virginia Yolo, Rachael Breesse, Pearl Freeman, Jesse Hamack, Maurice Newman, Evelyn Devay, Josephine Cassella.

Amador City—Nellie A. Curran, Angelina C. Torrey, Alma Blanche Prothoro, Hazel Hammack.

Sutter Creek—Louis A. Cassella, Lorina Olmsted, Bessie Trudgeon, Carrie Raddatz, Selwyn Brown, Jesse M. Gray, Frederick Greich.

Ione—Nellie Harris, Earle V. Weller, Blanche Ballard, Ursula Adams, Thos. C. Trengrove.

Julian—Elsie L. Kientz, Reuben C. Pardoe.

A Runaway.

A runaway team on Main street yesterday afternoon came within an ace of causing a serious disaster. It was the team attached to the ice delivery wagon of John Strohm. While the driver was delivering a keg at Ardito's saloon the team started at full gallop down street. In turning Ginochio's corner the wagon was capsized, scattering its cold-storage contents in the mud, at the same time carrying away two posts supporting the porch in front of Coet's saloon. The horses still kept up their mad gallop up Water street, and turned into Ginochio's yard where the fruit dryer is located, smashing both gates in making the entrance. Ginochio's team and wagon, also a buggy, were standing in the yard, and the outlook became grave indeed. Fortunately at this crisis, one of the horse's legs got tangled up with the wagon pole, and they were brought to a standstill. The wagon came out of the contest sadly battle-scarred; the horses escaped comparatively unhurt.

Teachers' Examination.

The board of education met on Thursday last week at the Jackson schoolhouse, for the examination of applicants for teachers' certificates, and also for renewal of certificates. The board concluded its labors on Tuesday of this week. There were seven candidates for certificates upon examinations. Of these, only two were awarded grammar grade certificates, namely, Miss Rosie A. Cook and Miss Glendora M. Burns.

Renewals were granted as follows: High school—Mayme A. Hornberger. Grammar grade—Mrs. J. T. Snedegar, James H. Moore and E. A. Freeland. Certificates were issued on credentials to Miss Lottie A. Sargent, H. L. Waste, and Miss Mary M. Brignole.

The following were recommended for grammar school life diplomas: Mrs. Katherine Prouty, Miss Nora Connor, Miss Laura K. Miller, Mr. E. A. Freeland, Miss Anna B. Kennedy, Miss Nellie Hambley, Miss Annie I. Bagley, and Miss Alice A. Bagley.

PIONEER FLOUR always has been and still is the best.

FOOTBALL.

An Interesting Game between Jackson and Sutter Creek.

The first football game along the mineral belt of this county was played on the afternoon of New Year's day, between teams selected from Jackson and Sutter Creek. Baseball of late years has fallen to second place in point of interest, when compared with football. A number of young men from this county have been attending schools in the large cities, and have naturally taken part in the games played by their schoolmates. Returning home for the holidays, they conceived the idea of getting up a football game, for amusement only, between Jackson and Sutter. The game was played in the Fullen field, near Martell's station. It attracted quite an attendance from both Jackson and Sutter, considering the shortness of the notice, as the game was only arranged two days previously. An admission of 25 cents was charged, and over \$25 was taken in at the gates. The players were as follows:

JACKSON. SUTTER
Joe Podesta c g Finn
A. Marston e g Koot
Eugene Devay i g Williams
B. Barton i r Radford
Walter Folger i r Brown
Ralph Brown r e Rogers
J. Freshman i r Hawkins
J. Fontenrose c a Ross
Ed Rust (cap) i r Goldsworthy (cap)
Jack Brindle i r Brindle
Drew Campbell i r Michaels

Mr. Sperry of the Electric plant, umpired the game. Timekeepers, W. Greenhalgh and Ross Moon. Linesmen, W. Penry and Tarr.

The Ledger is not versed in football lore, but a summary of the playing has been furnished us by one who understands the game, as follows:

First half—15 minutes.—Sutter kicks off; Jackson receives ball; Sutter gets ball on a fumble, and Jackson gets ball on downs; Jackson advances ball steadily toward Sutter's goal, losing it now and then on fumbles, but regaining it on downs. Score at end of first half, 0 to 0.

Second half—25 minutes.—Jackson kicks off; Sutter receives ball, and Jackson holds them for two downs; Sutter punts, and Jackson runs ball in from 60 yard line to a touch down; no goal kicked. Sutter kicks off to Jackson; ball again advanced toward Sutter's goal, and the end of the half finds the ball dangerously close to Sutter's goal. Score 5 to 0 in favor of Jackson.

The players who distinguished themselves particularly in the game were Goldsworthy, Brignole and Michaels on the Sutter side, and Rust, Caminetti, Freshman and Barton of the Jackson team.

SUPERIOR COURT.

HON. R. C. RUST, JUDGE.

Frank Drew vs. Centennial Gold Mining Company—Defendant's demurrer overruled; ten days allowed to answer complaint.

W. C. Sherwood vs. W. F. Arbuckle—Demurrer of defendant confessed; plaintiff allowed until Jan. 10 to file amended complaint.

Central Eureka vs. East Central Eureka—Order taxing costs of defendant at \$145.30.

Amador County vs. F. Maco and others—Defendant's demurrer to complaint sustained on the ground of ambiguity; ten days allowed to amend.

Giocomo Oneto vs. E. E. Purinton and Freemont Gold Mining Co.—Answer of defendants filed, denying all material allegations.

Estate of Daniel Worley—Serephna Jane Worley petitions for letters with will annexed. Petition sets forth that deceased died on 7th August, 1894, leaving a last will, in which S. L. Worley and Belva L. Griffith were named as executor and executrix; said S. L. Worley failed to petition for probate of will within the required time, and now resides out of the state; that Belva L. Griffith died April 20, 1896, and also failed to apply for probate of will. The heirs of decedent are Serephna Jane Worley, petitioner, widow of deceased; F. B. Le Moine, stepson; Geo. W. Le Moine, stepson; Chas. Griffith, Mary Griffith, and Portia Griffith, minor children of Belva Griffith, and Solomon Levi Worley, son who is now in Seattle. Deceased left property consisting of 160 acres in section 13, township 7, range 10, the value of which is placed at \$1500; all of which is community property. Freeman & Willis are attorneys for petitioner. January 18th appointed for proving will.

Hiram J. Deacon vs. Leona G. Veerkamp—Suit to recover \$400 for rent. Complaint says that defendant rented from plaintiff 240 acres in sections 15 and 16, township 6, range 10, at \$200 per year, and has occupied said land for two years, from Dec. 26, 1899, to Dec. 26, 1901. Judgment is asked for above amount and costs of suit. C. P. Vicini is attorney for plaintiff.

New Years Ball.

Ursula Parlor No. 1, N. D. G. W., gave its customary annual ball for the benefit of the parlor in Love's hall on New Year's eve. The weather was all that could be desired; and those in charge exerted themselves in every way to make the affair a success. They were rewarded with an attendance taxing the capacity of the hall to its utmost. The patrons came almost exclusively from Jackson and vicinity. Everything passed off smoothly. Mrs. Rose Carley was floor director, and Mesdames Lena Podesta, Carrie Calvin, Rosa Podesta, and Misses Nellie Mugford and Tillie Botto were floor managers. Music was furnished by Prof. Pothe's orchestra. Dancing was kept up until five o'clock next morning. The financial outcome cannot be ascertained at present, except that the receipts will cover the expenses, with probably a small sum over.

A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Hitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Charley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Hitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, Improves Appetite, gives perfect health. Only 50c at D. B. Spagnoli's drug store.

If you have lost your appetite, call at Caminetti's Market and you can find it. Pioneer Flour is the "Lily of the Valley," the "Pearl of Perfection." * Stuffed olives, Caviar, Pat de Pole Gras, Imp., Kippard Herring, at Caminetti's Central Market.

When using baking powder it is always economy to buy the Royal. Royal makes the finest, most wholesome and delicious food.

Insane Commitments.

The first commitments for insanity from this county under the new order of things were made last Saturday, when three persons were examined in open court, and duly committed to Stockton asylum. One of these, William Cissana, is a peculiar case. He has lived above Amador City for years. A week ago last Sunday he put in an appearance at the Culbert residence, seemingly clothed in his right mind. He asked for and was given something to eat, and inquired for work. Suddenly his mental misbalance asserted itself. He said he was the second Christ, possessed with supernatural powers; he was the axis upon which the world revolved; the earth was about to be deluged and he was the medium through which it was to be restored to its normal condition. He imagines he can remove buildings. He had turned the railroad depot at Sacramento around once, and could do it again. He has power to sink ships, heal diseases. He says he was the originator of the Masonic and Odd Fellows fraternities, and was once elected governor of California. He also has a notion that he can lop off people's heads, and replace them without injury. When pressed with questions on this point, he admitted, with a peculiar laugh, that he didn't really take their heads off, but made them believe that he did. He is a native of Ohio, and a farmer by occupation. He was in the Stockton asylum for three weeks in December, 1898, and escaped from that institution. He had been an inmate once before that date. He has a brother in the county hospital.

John Benich is the name of another of those adjudged insane. He is a native of New York. He was confined in an asylum in Iowa seven years ago, prior to these seven months. Four years kept that he was sent to an asylum in New Hampshire, and remained there three years. He was found roaming, almost in a destitute condition, around Oleta. He has been kept in a ward in the county hospital for three weeks, and managed to keep the place in an uproar by his singing and other antics. It is believed that he is hopelessly insane. He has been addicted to excessive drinking and other vices, which are believed to be the cause of his mental collapse.

The third deranged one is named Ferdinand Jacobs, a native of Germany, 28 years of age. He has been 10 years in the United States, three months in California, and came here from Oregon. He was found by sheriff Gregory seated on the court house steps. He labors under the delusion that people are following him from place to place, preventing him from securing work. He imagines he has a rich mining claim, and that they are after him to get possession of it, and would kill him to accomplish that result. Drs. A. M. Gall and E. E. Endicott were the examining physicians in all cases.

It Girdles the Globe.

The fame of Bucklen's Arnica Salve, as the best in the world, extends round the earth. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Felons, Aches, Pains and all Skin Eruptions. Only infallible Pile cure. 25c a box at D. B. Spagnoli's drug store.

New Roads.

The two new roads petitioned for by W. H. Glenn and others of Township Three will be considered by the supervisors next week. One of the roads runs from the old emigrant road to a point about five miles above Barton's, up Sheep Gulch to Wiley's station, about 9 miles, and the other road from Barton's, via Whitmore's old mill, to intersect the first road, a distance of about 5 miles. The viewers, W. E. Downs, Andrew Howerton, and M. Robinson, have reported in favor of both roads, and it is said the rights of way have been given gratis with one exception. The projectors of the roads claim that the roads are greatly needed and offer to pay one half of the cost of grading if the roads are established. Most of the roads are already constructed and it will cost about \$1500 to \$2000 to complete them. Road district No. 3 cannot furnish even one half of this sum, so the petitioners will ask the supervisors to help out of the general road fund, as it is claimed road district 3 has heretofore received but little aid from the general road fund.

One of the roads runs from the old emigrant road to a point about five miles above Barton's, up Sheep Gulch to Wiley's station, about 9 miles, and the other road from Barton's, via Whitmore's old mill, to intersect the first road, a distance of about 5 miles. The viewers, W. E. Downs, Andrew Howerton, and M. Robinson, have reported in favor of both roads, and it is said the rights of way have been given gratis with one exception. The projectors of the roads claim that the roads are greatly needed and offer to pay one half of the cost of grading if the roads are established. Most of the roads are already constructed and it will cost about \$1500 to \$2000 to complete them. Road district No. 3 cannot furnish even one half of this sum, so the petitioners will ask the supervisors to help out of the general road fund, as it is claimed road district 3 has heretofore received but little aid from the general road fund.

A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Hitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Charley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Hitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, Improves Appetite, gives perfect health. Only 50c at D. B. Spagnoli's drug store.

A Deep Mystery.

If you have lost your appetite, call at Caminetti's Market and you can find it. Pioneer Flour is the "Lily of the Valley," the "Pearl of Perfection." * Stuffed olives, Caviar, Pat de Pole Gras, Imp., Kippard Herring, at Caminetti's Central Market.

Death of D. T. Davies.

In our last issue we announced that D. T. Davies, prominent in mining circles of Amador county for many years, was suffering from pneumonia at Carbonado, Washington, and his physicians held out little hope of recovery. An associated press dispatch dated the same day, conveys the sad news of his death, as follows:

Captain D. T. Davies, general superintendent of the Carbon Hill coal mines at Carbonado, died to-night of pneumonia. Captain Davies had been very successful in the management of the Carbon Hill coal mines of the Southern Pacific Railroad. These mines have an output exceeding 1000 tons daily, which is shipped to San Francisco for use on the company's lines. Under his skillful direction the Carbon Hill mines produce coal cheaper per ton than any other mines in the state, with the exception of the big Roslyn mines, owned by the Northern Pacific. Captain Davies was 67 years old. He leaves a widow and a number of children, one daughter being the wife of General James M. Ashton of this city.

[Deceased was superintendent of the Amador Consolidated mine at Sutter Creek for many years. He was looked upon as one of the most reliable men in mining matters concerning the mother lode in the county. He was a man of strict integrity, and was respected for his many qualities by all who knew him. His many friends in this county will deeply regret to hear of his departure. He left this county over 20 years ago to take charge of the coal mines of the Southern Pacific railroad at Carbonado, which position he held up to the time of his death. During the boom there he amassed a large fortune by real estate investments. Beside the relatives mentioned in the above dispatch, he leaves two sisters, Mrs. Waddell and Mrs. Thomas, both residents of Placerville.]

You Know What You Are Taking

When you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No Cure, No Pay. 50c.

M. E. Church Services.

Preaching every Sunday at 11 a. m. and 7:30 p. m. Sunday school, 2 p. m.; Senior Epworth League, 4:45 p. m.; Midweek Prayer meetings, Thursday, 7:30 p. m.

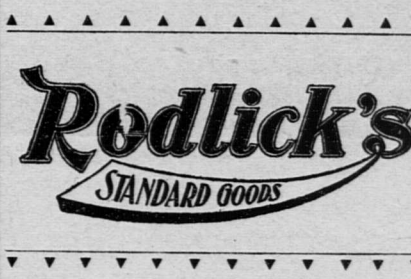

Rev. G. H. Van Vleet, pastor.

A thoroughly competent druggist is kept at Kott's drug store; prescriptions compounded there may be depended upon at all times.

To keep healthy you should eat plenty of olives. You can get good ones at Caminetti's Central Market. * Subscribe for the Ledger. Only \$2.50 a year.
